Judge David A. Happe
Judge G. George Pancol

The Circuit Courts of Madison County
Madison County Government Center
16 East 9th Street, Suite 417
Anderson, Indiana 46016

Dear Judge,

My name is Paul Guthrie. I am a natural born citizen of the United States, i.e., an Article II "natural born Citizen", who is also a citizen of Indiana living in Madison County. I have been compelled by law to provide you with State's evidence, as I am a witness to, and a victim of, very serious criminal conduct occurring in the county, State, and federal prosecutor's offices by government employees, and even some very serious criminal activity occurring in the federal courts by government employees, and very possibly, in the Madison County Courts.

I cannot go report to the various prosecutors' offices because they are predominantly the ones who are engaged in the criminal activity, and thus have shown themselves unable to police themselves. Also, the nature of the criminal activity is one of misprision of felony at both the State and Federal levels, misprision of treason at both the State and Federal levels, and also seditious conspiracy 18 USC 2384, all of which instruct me to bring my evidence before a judge as a legal option.

The incident which has caused me to bring this evidence at this time was the issuance of an illegal and unlawful Court Order regarding jury duty that I received from the Madison County Court.

I have enclosed a copy of my reply to the Magistrate Judge who is responsible for the Court Order, explaining the law and reason that the Court Order is invalid and represents criminal activity in the court. Please see the other two documents enclosed which elaborate.

I do not trust that the Magistrate Judge who issued the Order will report the crimes that I have reported to him, as whenever I have stepped forward with the evidence of criminal wrongdoing over the last 7+ years under Obama, the judges and prosecutors have just ignored the evidence and swept the matter under the rug, denying the due process and preventing it; thereby threatening my life by making me subject to severe slander,

defamation, ridicule, and death threats. They have refused to do their jobs to enforce the rule of law, apparently because it is not in their financial interest or in their political interest to do so. As a result, it has led to the overthrow of the government and to the stripping of all of my rights as a natural born Citizen, and yours, too, and also of your future progeny and your offspring's future progeny, etc. All their rights and identity as natural born Citizens is now in jeopardy, but you likely do not realize it, because you likely do not comprehend the law governing natural born Citizen (nbC) status.

Whether you realize it or not, or believe it or not, that is irrelevant. From my perspective, I have given you the law and evidence of the most serious criminal political activity in American History (enclosed), which causes you to have constructive knowledge that crimes are being committed, which triggers a lawful and legal duty for you to report these crimes to the appropriate State and Federal Prosecutors offices. Or else you yourself become guilty of misprision of felony, misprision of treason, and guilty of seditious conspiracy under 18 USC 2384.

Ignorance of the law is no excuse, especially when I have given you the law and put you all on notice of what the law is. Ordinarily, under normal circumstances, you would have judge's immunity which would excuse your ignorance, as that is one of the privileges and immunities of a lawful and legitimate judge who is engaged in the legitimate duties of a judge of the Republic who is under the federal and State constitutions. However, these are not normal times, and we are no longer under any federal constitution or under any legitimate rule of law at all, and have not been since the fraudulent elections in 2008/9, and as long as a non-natural born Citizen usurper occupies the Office of President. As long as you judges, and the prosecutors, are all going to keep on lying by claiming that a natural born SUBJECT of immigration and naturalization at birth under the 14th Amendment, i.e., a "naturalized citizen" at birth, which is what Obama, Rubio, and Cruz all are, is the same as an Article II "natural born Citizen", which is FALSE and a lie told by attorneys, judges and prosecutors in order that fraudulent imposters can occupy the Office of President, then the government has been unlawfully and illegally altered and overthrown by the privileged classes, you judges and prosecutors and attorneys. Overthrown to become a foreign outlawed jurisdiction, which is foreign to the Constitution and to the People, and defines the courts to be a religious venue, not a secular venue, and we natural born Citizens are no longer, and in no way, duty-bound to recognize any claims of immunity, because you are not valid judges engaged in the legitimate duties of a judge of the Republic under any constitution, State or federal. Instead, you are only judges of a Constitutionally-banned monarchic and religious form of government, engaged in criminal political activity from the bench with every case you try, and your immunity just went bye-bye because you are committing crimes from your office as a judge of a legally non-existent government, most likely without even realizing it if you cannot explain the law governing natural born Citizen status.

You cannot be guaranteed that the next President will not be a natural born Citizen like Obama, so you cannot guarantee that you all will be able to continue your criminal political activity from the bench with impunity, protected in the High Treason, Seditious Conspiracy, criminal corruption, and criminal racketeering which has defined your tenure

under Obama. Judgment day could very well be at hand for all you judges, and you could all be facing very serious criminal charges and even personal liability.

I don't think this is a very acceptable situation for our esteemed honorable judges who are most likely just victims of the fraud Obama, the same as I am, and just victims of your own ignorance of the meaning and definition of Article II natural born Citizen, which I am personally willing to overlook as a tribute to your years of valid service as lawful judges before Obama came on the scene. So, I would like to provide all of you with immunity before the elections, in case a legitimate natural born Citizen becomes President and an investigation is begun to discover the truth, which will eventually happen, and then you will all be in a very bad position, having to answer some very embarrassing and humiliating questions, which I do not think you want to have to answer.

Therefore, by providing you all with the law now, you can then say that you did not know, but it has just come to your attention, and then you can just forward the evidence and documents to the appropriate prosecutors at the State and Federal levels, and insist that they immediately investigate my claims and interview me as a witness for the State of Indiana against the federal government. Then you will all be covered, and no one will be able to accuse you of complicity in the overthrow of the Constitutional Republic. The buck can then pass to the prosecutors' offices, and it will be up to them to explain themselves, not up to you judges. In this way, you will be seen to be patriotic, loyal, competent, and doing your jobs and acting responsibly, and you will all be immunized going forward should a legitimate natural born Citizen President get into Office. You're welcome.

I have written a book entitled *Demonic Positivism versus the Science of "natural born Citizen"*. The book further documents the criminal political activity occurring in the federal courts which I encountered when I sued Obama TWICE in federal court. I apologize for not being able to provide more than one free copy to one of you. Additional copies can be purchased from CreateSpace here:
