

## **YOU ARE HEREBY PUT ON NOTICE**

To Whom It May Concern,

1) You are hereby put on notice that you are not a Court of Competent Jurisdiction that can render any lawful judicial acts or rulings as long as Obama fraudulently occupies the Office of President as a non-natural born Citizen of the United States.

[See Paul Guthrie v. United States; case number 1:13 -cv- 0080 JMS - DKL, and Paul Guthrie v. United States; case number 1:13 -cv- 0234 SEB - DKL, both filed in the 7th circuit District Court Southern Indiana branch in Indianapolis. Both cases have been ignored and dismissed in a fraudulent criminal manner, with Paul Guthrie being branded by the federal courts and judges as a heretic and liar and criminal outlaw enemy of Obama and the United States as the United States is now defined by Obama, Congress, the 50 State Secretaries of State, and bogus federal judges Jane Magnus-Stinson and Sarah Evans Barker. Both of these fraudulent foreign jurisdiction judges are females who are knowingly and intentionally operating a non-de jure foreign jurisdiction court inside the buildings and chambers of the former pre-Obama de jure Article III courts. They are doing this in opposition to the Constitution's Article II provisions. Both are engaging in unlawful advisory opinions, declaring Obama to be a President without any facts or law in evidence to support such a determination, and contrary to the facts and evidence in record that prove that Obama is not a natural born Citizen of the United States, and contrary to their granted authority that does not permit a judge to declare Obama to be a natural born Citizen and thus a President because we are not a monarchy form of government. They are using their unlawful invented due process and usurped monarchical authority to formulate a fraudulent advisory opinion as a foundation and a basis to ignore the facts and law and Constitution, instead substituting frivolous and malicious invented facts and invented fraudulent definitions in order to unlawfully dismiss a lawsuit and unlawfully maintain Obama in power, and thus are unlawfully redefining the de jure nature of the U.S. and State courts. Such an act is a political hate crime based upon sexual discrimination

against the natural political rights of male State citizens who claim their political rights of consent to be derived from being the offspring of a State citizen father who must give his consent to create a natural born Citizen of the United States that is eligible to one day be President.]

2) Mr. Obama is, at best, a naturalized citizen of the United States as defined under Article II, Section 1, Clause 5, and under the 14th Amendment and U.S. codes. Obama is not a natural born Citizen of the United States because he is not the offspring of a State citizen father who must give his political consent to a female and perform the sexual act to make the female pregnant, and then the male State citizen must claim his offspring and make a reporting within 18 years of the birth of the offspring in order to secure natural born status for his offspring. [See *Nguyen v. INS*, 500 U.S. 53 (2001)]

3) Mr. Obama is the offspring of a foreign non-U.S. citizen father which makes Obama a natural born citizen of Kenya if his father claimed him and reported the birth to Kenyan authorities, and a naturalized citizen of the United States by automatic statutory authority. Article II, Section 1, Clause 5, of the U.S. Constitution prohibits adopted naturalized citizens of the United States who are granted citizenship by statutory authority, as opposed to a U.S. citizen father claiming the offspring and making a reporting. This rule is clearly established in plain language in Article II that any layman can read and understand. It was established by Article II at the time of the Adoption of the Constitution. The only time in U.S. history that naturalized adopted offspring of foreign non-U.S. citizen fathers were permitted by the Constitution to be President was at the very beginning of the Republic when a one-time exception, that has now expired, had to be made for the citizens of the newly Independent States that were formerly Colonial States under English Common Law under King George III.

4) By legal definition under the U.S. Constitution and codes, the phrase 'natural born' simply means the legal opposite of 'adopted'. Any natural person, male or female, who is the offspring of a foreign non-U.S. citizen father, can be an adopted naturalized citizen of the United States, but they cannot ever physically or legally be natural born Citizens of the United

States. This is because both Article I, Section 9, Clause 8, and Article I, Section 10, Clause 1, ban Titles of Nobility at both the State and federal level, which is supposed to prevent citizen offspring of United States citizen parents from being declared natural born citizens of more than one country simultaneously at birth, as this is a violation of the natural order or political Law of Nature. The Political Law of Nature dictates that one is born a native of only one country at birth, not two. You cannot be from two different places. Everyone is a native of only one country at a time, and this is established by the father and his citizenship, as a natural political right claim of both the offspring and male father. The only exception to this rule is if you are a monarch or the offspring of a monarch, in which case you can just decree that you are a natural born citizen of multiple countries at birth according to Positive Law, which is contrary, opposite and opposed, to the political rules of Nature and Her laws, or in other words, contrary to Natural Law, and thus Contrary to Article II of the U.S. Constitution.

5) Due to the four points above, the courts and judges are committing fraud and criminal acts, as it is not credible or believable that a judge in a State or federal court cannot read and comprehend the Article II nbC clause and understand that there are only two political classes of citizens in the United States, naturalized adopted offspring of foreign non-citizen fathers, and natural born Citizens, the non-adopted offspring of State citizen fathers which are the natives and not foreign offspring. How difficult is it to comprehend that these two political classes, one adopted who is not a native and one not adopted who is a native, have all the same rights in the U.S. except naturalized adopted citizens of the United States cannot be President or Vice President, by design, so that we are not a monarchy religious dictatorship as is currently the situation. There are currently no federal or State courts that are lawfully operating as de jure courts under the Constitution and we are now legally and technically a monarchy and religious form of government with a dictator-King whom everyone just calls President. Therefore there is no lawful due process available to any defendant or plaintiff in any U.S. or State court and the courts are functioning in a religious capacity in violation of the First Amendment's prohibition against the Church and State combining into one, which is automatic with monarchy forms of government, and also banned by Article

4, Section 4 of the U.S. Constitution which guarantees to the States and to the State citizens, a Republic form of government. The States and United States are no longer a Republic form of government as long as a non-natural born Citizen of the United States occupies the Office of President.

For all the reasons above, Paul Guthrie cannot in good conscience fill out the questionnaire or serve as a jurist on any case, as the entire legal process is now fraudulent and criminal, unless and until Obama is removed from Office and replaced with a de jure representative of the sovereign People from the States. To fill out the questionnaire and serve as a jurist now at this time, with the knowledge that I possess, would be a criminal act and High Treason against the citizens of the United States and against natural born Citizens of the United States.

I hereby swear and affirm that the above is true and correct testimony given by Paul Guthrie, and that I am the same Paul Guthrie referred to in the federal civil suits listed above in point 1.

Respectfully submitted this day, Tuesday, May 21, 2013,

Paul Guthrie
